# FPI's First Look at the Executive Budget

Fiscal Policy Institute January 29, 2025

On Friday, January 24, FPI presented its initial analysis of the fiscal year 2026 executive budget. The presentation explained state economic trends and shared FPI's analysis of the financial plan and the major policy priorities in the governor's executive budget.

Much of the information from this presentation is summarized in the following fact sheets:

Fact Sheet on State Economic Trends[a]
Fact Sheet on Fiscal Trends in the FY26 Executive Budget[b]
Fact Sheet on the Inflation Rebate[c]
